

3.2 First aid

Please take time to read the pre-school policies and let the Pre-school Leader or Chair know if you have any questions.

The policies are also available to read on our website: www.streatleyhillpreschool.com

Policy statement

We are able to take action to apply first aid treatment in the event of an accident involving a child or adult. At least one adult with a current first aid certificate is on the premises, or on an outing, at any one time. Newly qualified staff who achieved an early years qualification at level 2 or 3 on or after 30 June 2016 also have a paediatric first aid certificate in order to be counted in the adult: child ratios. The first aid qualification includes first aid training for infants and young children. We have evidence of due diligence when choosing first aid training and ensure that it is relevant to adults caring for young children.

Procedures

The first aid kit

Our first aid kit is accessible at all times and is checked monthly.

In addition, the following equipment is kept disposable plastic (PVC or vinyl) gloves.

- plastic disposable aprons.
- A children's forehead 'strip' thermometer.
- An ice pack.
- Information about who has completed first aid training and the location of the first aid box is provided to all our staff and volunteers. A list of staff who have current PFA certificates is displayed in the setting.
- The first aid box is easily accessible to adults and is kept out of the reach of children.
- There is a named person in the setting who is responsible for checking and replenishing the first aid box contents.
- Medication is only administered in line with our Administering Medicines policy.
- In the case of minor injury or accidents, first aid treatment is given by a qualified first aider.
- In the event of minor injuries or accidents, we normally inform parents when they collect their child, unless the child is unduly upset or we have concerns about the injury. In which case we will contact the child's

parents for clarification of what they would like to do, i.e. whether they wish to collect the child and/or take them to their own GP.

- An ambulance is called for children requiring emergency treatment. we contact parents immediately and inform them of what has happened and where their child has been taken.
- Parents sign a consent form at registration allowing a member of staff to take their child to the nearest Accident and Emergency unit to be examined, treated or admitted as necessary on the understanding that they have been informed and are on their way to the hospital.
- Accidents and injuries are recorded in our accident record book and, where applicable, notified to the Health and Safety Executive, Ofsted and/or local child protection agencies in line with our Recording and Reporting of Accident and Incidents Policy.

Legal framework

- Health and Safety (First Aid) Regulations (1981)
